## Computer Recycling Program

### Donate Your Working or Non-Working Computer Equipment

Goodwill SCWI is proud to partner with the [Dell Reconnect](#) to responsibly recycle electronics any that cannot be resold through our stores.

#### What you can donate:

Any brand of working or non-working computer equipment and just about any item that can be connected to a computer, such as:

- Monitors \*If the glass is broken, please place the monitor in a cardboard box lined with a large plastic garbage bag, seal the box and clearly label it with “broken monitor” and the date
- Computers (desktop or laptop) \*See “Hard Drives” below
- Hard drives (external or internal) \*Please back up any valuable information and erase sensitive data from the hard drive before dropping it off
- Keyboards (wired or wireless)
- Mice (wired or wireless)
- Printers (laser or inkjet)
- Ink and toner cartridges (full or empty)
- Speakers (with or without cables)
- Cords and cables (including power cords and USB cables)
- Scanners \*If the glass is broken, please place the scanner in a cardboard box lined with a large plastic garbage bag, seal the box and clearly label it with “broken scanner” and the date
- Software \*Please include the license key

#### How you can donate:

Just drop your equipment off at any of our [attended donation centers](#).

#### Are donations tax deductible?

Yes! If you itemize your tax deductions, you can deduct the value of your donated computer equipment. Goodwill Industries International offers a [Valuation Guide](#) to assist you in this process. For detailed information, please consult your accountant, attorney or an IRS office.
